Title: METHOD AND SYSTEM FOR REGISTRATION AND TRACKING OF
ITEMS
U.S. Application No.: 10/045,954
Filed: November 6, 2001
Our Reference: JCOH.001A

Dear Jim:

We have received no reply to our letter of June 17, 2003 in which we informed you of our decision to withdraw from representing you and requested that you sign and return a "Revocation of Power of Attorney."

Since no reply to our letter was received, we have petitioned the Patent Office to withdraw as your attorneys. A copy of the "Petition for Withdrawal as Attorney" is enclosed.

Please take notice of the following facts. Your U.S. application was filed on November 6, 2001 and its current status is pending. There is no outstanding term for response.

Therefore, the amount of time for response, including extension under 37 C.F.R. § 1.136(a), cannot be determined since this case is awaiting action by the PTO. Future correspondence regarding your U.S. patent matter should be addressed to:

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Any such correspondence should clearly identify the serial number and filing date of your application, and should be directed to Group Art Unit 2164.

Since the U.S. application was filed after June 7, 1995, the life of any patent issued on it will expire at a date that begins to run from the filing date, rather than the issue date, as in the past. However, the patent will not become effective until it is issued, and thus, if the application is not prosecuted promptly to issuance, the effective life of the patent will be shortened.

Your PCT application, PCT/US02/28908, was filed on September 9, 2002 and will require action by March 7, 2004, as explained in the attached letter.

We regret that this matter has to be resolved in this manner. Please call if you have any questions.

Sincerely,

Gordon H. Olson

Re: **30-MONTH NATIONAL PHASE LETTER**
Title: METHOD AND SYSTEM FOR REGISTRATION
AND TRACKING OF ITEMS
Applicant: James Cohen
PCT Application No.: PCT/US02/28908
Our Reference: JCOH.001VPC

Dear Jim:

It will soon be time to decide whether or not to complete the National Phase of the above-mentioned PCT application by filing the application in those countries you want. **Failure to take the necessary steps by the deadline specified in this letter will result in irreversible loss of patent rights in the relevant countries.**

Cost Estimates

In this case, you have selected the following PCT countries. Thus you may choose to complete the national phase in United Arab Emirates, Antigua, Albania, Armenia, Austria, Australia, Azerbaijan, Bosnia and Herzegovina, Barbados, Bulgaria, Belarus, Belize, Canada, China, Colombia, Costa Rica, Cuba, Czech Republic, Germany, Dominica, Algeria, Ecuador, Estonia, Spain, United Kingdom, Grenada, Georgia, Ghana, Gambia, Croatia, Hungary, Indonesia, Israel, India, Iceland, Japan, Kenya, Kyrgyzstan, Democratic People's Republic of Korea, Republic of Korea, Kazakhstan, Saint Lucia, Sri Lanka, Liberia, Lesotho, Lithuania, Latvia, Morocco, Republic of Moldova, Madagascar, the former Yugoslav Republic of Macedonia, Mongolia, Malawi, Mexico, Mozambique, New Zealand, Oman, Philippines, Poland, Portugal, Romania, Russian Federation, Sudan, Slovenia, Slovakia, Sierra Leone, Tajikistan, Turkmenistan, Tunisia, Turkey, Trinidad and Tobago, Ukraine, Uzbekistan, Saint Vincent and the Grenadines, Vietnam, Zimbabwe, Europe (including Austria, Belgium, Bulgaria, Switzerland/Liechtenstein, Cyprus, Czech Republic, Germany, Denmark, Estonia, Spain, Finland, France, United Kingdom, Greece, Ireland, Italy, Luxembourg, Monaco, Netherlands, Portugal, Sweden, Slovakia and Turkey), ARIPO (including Ghana, Gambia, Kenya, Lesotho, Malawi, Mozambique, Sudan, Sierra Leone, Swaziland, United Republic of Tanzania, Uganda,

Zambia, and Zimbabwe), OAPI (including Burkina Faso, Benin, Central African Republic, Congo, Côte d'Ivoire, Cameroon, Gabon, Guinea, Equatorial Guinea, Guinea-Bissau, Mali, Mauritania, Niger, Senegal, Chad, Togo), and Eurasian Patent (including Armenia, Azerbaijan, Belarus, Kyrgyzstan, Kazakhstan, Republic of Moldova, Russian Federation, Tajikistan, and Turkmenistan). The most commonly filed of these countries are Australia, Canada, Japan, Mexico, Russian Federation, and Europe. Thus, the following is an estimate of the approximate cost for proceeding with the national-phase filing of your PCT application in these commonly filed countries:

Australia	\$2,400
Canada (includes first annuity)	\$2,200
Europe (includes examination fee and first annuity)	\$9,600
Japan	\$8,500
Mexico	\$5,500
Russian Federation	\$6,000

These estimates include both our fees and our foreign associates' fees, together with the local official fees and the cost of translation, where necessary to establish a filing. You will appreciate that these estimates are rather approximate. They are based on previous experience and do not take into account fluctuations in official fees, currency exchange, or unpredictable costs. These estimates do not include expenses that will be incurred after completing the national-phase filing, such as prosecution, grant, and maintenance fees.

We have found that our estimates for countries other than Europe, Canada, Australia, and Japan, often differ substantially from the actual cost incurred. This is due to instability in the rate of inflation and currency exchange rates in many such countries. If you would like more accurate estimates for any countries, we would be glad to inquire with our foreign associates regarding your specific case.

European Application

If you decide to continue with this application in Europe, a request for examination of the European application will also be due by March 7, 2004 and will cost approximately \$2,500. This cost is included in the estimate given above. There will also be substantial expenses incurred when the European patent is granted. At that time, it will be necessary to pay substantial fees to the European Patent Office and to pay for the completion of formalities and, in many cases, translations for the countries designated in the European application and where it is desired to maintain the European patent.

You may decide to withdraw some of the countries designated in the European patent application now. Withdrawal of countries from the European application would save about \$160

per country, but please note that withdrawn countries cannot be reinstated later. You will have another opportunity to withdraw these European countries when the European patent is granted.

It is also possible to extend the European application to Albania, Lithuania, Latvia, the former Yugoslav Republic of Macedonia, Romania, and Slovenia. The cost for each country is approximately \$250.

Deadline for National Phase

The National Phase must be completed by **March 7, 2004**. Sufficient time must be allowed for mailing and completing of the formalities.

Sincerely,

Gordon H. Olson
